

Terri Murphy understands real estate.

As a top producing real estate agent in the Chicago area for over 28 years, Terri listed and sold over 100 homes a year without a team when interest rates soared to almost 28%.

Her experience during this economic crisis helped Terri to create strategic partnerships, strategies and systems to get more prospects into home ownership. Today, Terri continues to work with top mortgage professionals to develop initiatives that leverage the Realtor-Loan professional services designed to provide the best real estate experiences for customers and clients. Terri understands the power of how to connect in a noisy marketplace to create powerful engagement in business today.
